

Oklahoma Droneport Project

Key milestones

- ✓ Introduce the potential of droneports
- ✓ Equip 3 facilities and train operators
- ✓ Conduct strategic planning sessions
- ✓ Support business development efforts
- ✓ Encourage new host communities
- ✓ Connect and contribute to the UAS ecosystem

Host Counties:
Delaware, Lincoln, Major

How we are working with communities

- Education at the community level with champions and stakeholders
- Coordinated host community grant applications
- Providing Federal \$\$ match
- Installation of flight safety system, radar and transceivers
- Training operators and providing a detailed operations manual
- Providing market research and connecting vendors to local markets
- Connecting host communities
